Programming in Python (Part 2)

Principles of Computing (Part 1)

Principles of Computing (Part 2)

Algorithmic Thinking (Part 1)

Algorithmic Thinking (Part 2)

The Fundamentals of Computing
Capstone Exam

Jul 7, 2018

Jesus Adrian Perez

has successfully completed the online Specialization

Fundamentals of Computing

This Specialization covers much of the material that first-year Computer Science students take at Rice University. Students learn sophisticated programming skills in Python from the ground up and apply these skills in building more than 20 projects. The Specialization concludes with a Capstone exam that allows the students to demonstrate the range of knowledge that they have acquired in the Specialization.

Joe Warren, Scott Rixner,
and Luay Nakhleh
Department of
Computer Science
Rice University

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
